Wesleyan College Inaugurates First Faculty Workshop

Theme: A General Education Program for Wesleyan College

What more inspirational spot could have been found for a gathering of the minds of the Wesleyan faculty to think about, discuss and plan for the future of Wesleyan's curriculum in the light of the present trends in education than at Epworth-by-the-Sea near where Methodism had its beginning and where Wesley dared to change the patterns of the past.

Although the faculty and part of the staff, together with their families, arrived Monday afternoon, the Workshop formally opened Tuesday morning, September 14.

Here in three comprehensive lectures, Dr. Ernest Colwell, a graduate of Emory, past dean of University of Chicago School of Divinity, past president of the University of Chicago, and now dean of the faculties and acting director of the new Graduate Institute of the Liberal Arts at Emory, explained the goals of General Education. He also explained the internal and external structure of General Education as well as the necessity of a group to be responsible for the study and planning for this kind of program.

Dr. Colwell pointed out that too often colleges attempt to cover **everything** in all subjects and to complete a student's education, which defeats general education; that the courses should introduce the student to a subject and encourage further study in that field, as well as enable that student to think and make rational decisions.

All professors have made the sacrifice of worldly wealth for their professions, he stated, and teaching should be considered a Christian vocation. Dr. Colwell's eloquence, his wisdom, his keen observations based on his vast experience and knowledge of other colleges, swayed the group.

These lectures were followed by faculty committee meetings for discussion and planning as well as meetings of divisions and departments.

The spirit of one family prevailed throughout the Workshop and in no time at all the new members of the faculty were an integral part of the whole. Dr. Ernestine Bledsoe, A.B. 1933, a new associate professor of Psychology and Education, led the vesper service Tuesday night, at which time President Martin

spoke on the subject "Toward A Definition of Our Task."

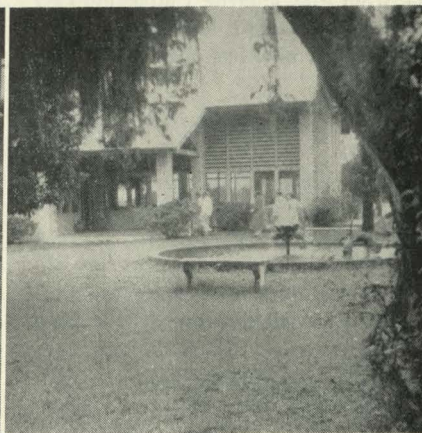

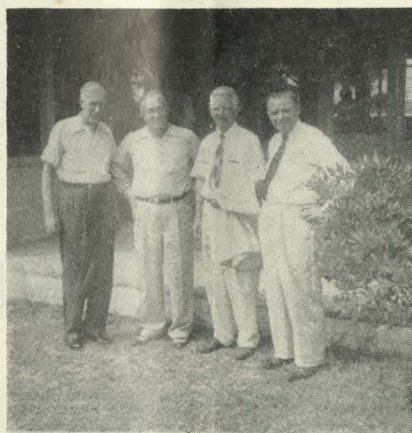

Other new members of the faculty taking part on vesper programs were Miss Sallie Allen of the Music Department who sang, Miss Priscilla Keeler, who played the organ, Mr. Randolph Foster who played the clarinet, and Dr. William Hinson of the Religious Education Department who spoke Wednesday and Thursday nights.

The student leaders of the campus organizations attended and together with

the deans of women worked on their plans for the new year. They also contributed to the solemnity and beauty of the vesper services.

The recreation program dissolved itself into informal groups going swimming in the pool, surf bathing, fishing, boating, and sightseeing. Everyone enjoyed the antics of the children and the little babies had an abundance of volunteer sitters.

Results of this Workshop, we trust, will be evident in more ways than one during the 1954-55 school year.

A Bird's Eye View...

VISIBLE IMPROVEMENTS

Dormitories—All rooms, student parlors, and hallways in the three dormitory buildings during the summer were painted in pastel colors, and the floors refinished.

President's New Home—The recently acquired home for Wesleyan's president was renovated on the interior and newly furnished. Dr. and Mrs. Martin moved into it in early August.

President's Former Apartment—The former apartment used by Wesleyan's president was converted into dormitory rooms and is now housing 14 students.

Post Office—The post office has been moved from the student center in Tate Hall to the room next door where it has more space. It now has only the ground floor entrance.

Bookstore—The bookstore was carved from former, unused storage space adjoining the student center. Very attractive French doors now lead from the student center into the bookstore.

Home Economics Dept.—New furnishings have been added to the home economics quarters and all the rooms have been painted.

Date Parlors—The date parlors were painted during the summer and new draperies hung.

Kitchen—All rooms in the kitchen area were painted.

STUDENTS

Enrollment Figures—According to information from the offices of the registrars on October 1, 201 freshmen and 16 students transferring from other schools had registered for the fall term. In the freshman class, this is 12% increase over last year; 50% increase over 2 years ago. Of the freshmen 51 are enrolled in the School of Fine Arts and the remainder in the Liberal Arts School. A capacity number of 417 are housed on the Rivoli campus with 32 day students. The student body represents 17 states and 2 foreign countries, Germany and China. In the preparatory department on the old campus, 139 are enrolled for lessons in art and music. The four men students in the School of Fine Arts represent by far the smallest number of co-eds ever registered.

FACULTY AND STAFF

Retiring—Ralph Lawton, who joined the Wesleyan faculty as Artist-in-Resi-

dence in 1944, has opened a studio in Atlanta.

Louise Lin, A.B. and B.M. 1904, who served Wesleyan for 45 years and who was honored by the Alumnae Association at Commencement, will continue to teach music in Macon.

Mrs. Clara E. Morris is at home in Milledgeville, Ga.

Mrs. Ruby Harrell is living with her granddaughter, Mrs. Charles E. Reeves in New Orleans.

Further Study—Mr. Carl Bennett, associate professor of English has been granted a leave of absence for this year to study at the Emory University Institute of Liberal Arts towards his Ph.D.

Alumna on Faculty—Another alumna is teaching at Wesleyan, Ernestine Bledsoe, A. B. 1933. Another new member with alumnae connections is Linda Lane whose mother is Linda (Anderson) Lane, '19, and whose grandmother was the late Linda

(McKinney) Anderson, '93.

New Instructor not pictured—Miss Shirley Pritchett, B. S., in the Physical Ed. Dept.

Change in Staff—Miss Mary Joyce Horton is new secretary to the Deans, Dr. Akers and Dr. Jorgensen, replacing Mrs. Crawford who resigned to go in business with her husband. Miss Ella Buckner and Mrs. J. B. (Tera) Hardy are new bookkeepers in the business office, Miss Buckner replacing Mary Starling who resigned. Mrs. Walter Bennett, 1186 Appleton Ave., Macon, is the new postmistress. Mrs. Margaret W. Tilley of Parrott is in charge of the Student Center. Miss Frances R. Donnan is the assistant nurse in the infirmary.

Field Representatives—Mrs. Jeanette Oliphant, '26, and Lucia Hutchinson, B.F.A. 1953, are student promotion representatives, having started their work at the beginning of the summer.

PORTER FAMILY MEMORIAL FOR AUDITORIUM . . . FINE ARTS IS BEGUN

The building most needed on the Rivoli campus since the opening of Greater Wesleyan in 1928 was started in August. We can joyfully say, "It is really true!"

The new building, designed by Architect W. Elliott Dunwody, Jr., will be of brick with limestone exterior ornament and will be between the Mount Vernon porch and the Porter gymnasium. Many have asked why this location was chosen rather than between Tate and Taylor buildings on the highway. The answer is simple. This new building will be too large and broad for that particular site, and space had to be available for a good sized parking area. The main floor will consist of an auditorium with a seating capacity of 1160, a large stage, and two galleries for the Collier Art Collection.

On the lower floor will be music studios and offices with a smaller stage for student recitals and the like. A major portion of the building will be air conditioned.

The sloping ground, formerly used as the soccer field, is being filled in at the center and leveled, thus enabling the building to be higher. The natural slope of the land in the back is making very little excavation necessary. Thus both floors will be ground floors.

H. G. Tinker, Macon contractor, expects the building to be ready by September, 1955.

This new building without a doubt has been the most discussed, most planned

for, worked and prayed for of any building on the Rivoli campus. Tremendous gifts towards its erection have been made to Wesleyan in the past only to prove inadequate in proportion to the growing costs of construction. Therefore, the funds given to Wesleyan in 1942 by the late Mrs. E. T. Comer of Savannah for a fine arts building as a memorial to her father, the late Cowles Myles Collier, and the funds given by the late Mr. James Hyde Porter of Macon for a chapel-auditorium have been combined, the need being too great for further building delay.

Ground was even broken on January 24, 1948, for the chapel-auditorium between Tate and Taylor Halls and Mr. Porter was honored on that day for this latest gift and his many great benefactions to Wesleyan.

The late Edward Trippe Comer and Georgia Collier Comer were truly Wesleyan benefactors. In addition to the fund for the fine arts building, back in the early twenties Mr. Comer provided a loan fund for Wesleyan students in memory of his mother, Catherine L. Comer. This fund has helped hundreds and hundreds of students to attend Wesleyan.

The fine arts building and auditorium with furnishings to cost over \$650,000 will be a fitting memorial to these benefactors.

METHODIST PLAN YOUTH CENTER AT CONSERVATORY

Mulberry Street Methodist Church of Macon is renting from Wesleyan College a portion of the old Conservatory buildings for a Youth Center until their own plant has been enlarged.

This church, which has been very closely connected with Wesleyan through the years, will have the use for a year of the old Conservatory dining room, kitchen, swimming pool, gymnasium and several classrooms.

These Wesleyan facilities will be used for an enlarged youth program. The dining room and kitchen also will be used for adult functions, such as suppers, devotionals and committee meetings.

Much repair work and renovating has been done by the Church to make the space usable.

One English Major Answers Dr. Gin

(Note by Dr. Gin, not hieroglyphically scratched but written with an antique Corona so that the printer can read it.)

On July 1 I sent a personal letter to a group of my former students, English majors who had graduated within the last quarter-century. I have received some forty-plus letters and expect to continue receiving them till the Christmas roll call. But before that time I plan to send an article to THE WESLEYAN ALUMNAE on "What I Have Found Out About English Majors." Now the questions I asked in these letters were many: "What have you been doing? a job? community service? a book? a hobby? a trip? a family? What have you been thinking? what have you done with that English major in your work? your family? your community? Do you ever dust off any of the old books or old ideas? What has your major done for you or what have you done with it? If you were taking an English major at Wesleyan now, what would you add to or subtract from the curriculum?" You can well understand that the forty-plus letters had varied answers. And these answers I hope to use in my article.

Meanwhile as a very favorable sample of the letters received and as a substitute for the article to come I am presenting Louise Wadsworth (Mrs. O. A.) Jeffcoat's answer. Louise was the happy wisecracker of my English classes in '37-38-39, an excellent writer, a good tactful tennis player. Though runner-up in the Wesleyan tennis championship, she later allowed me to win two sets from her. **Sic transit gloria!**

When I asked Louise to permit me to use her letter she wrote: "You happened to hit me during my be-kind-to-teachers week. I went with our eldest the first day of school and was horrified to see that his teacher will attempt to teach 38 first graders! So at least for this week I am all for teachers getting out of as much work as they can!" And here is my substitute.

Dear Dr. Gin,

How unfair of you to write me such exciting questions at a time when I have to give such run-of-the-mill answers! "What have you been doing? A book? A hobby? A trip? Ah me. That paragraph in your letter certainly showed me up. The things I could have been doing! Won't you consider writing me this same letter in ten years so that I can reply—casually, of course—"Why yes, as a matter of fact I have been doing something. My new book is just off the press—it's

the one dedicated to you—and the prediction for its sales would stagger any professor of mathematics." And then I would assure you that my two sons, one daughter, and no telling how many more (by then) are smash hits in their respective colleges, the bills from which their father considers a mere trifle since his income is so stupendous. As I said, Ah me.

But of course that doesn't answer your question. What have I been doing? During the seven years I've been married I've had three children. You know **exactly** what I've been doing! . . . diapers, dishes, discipline, decisions, dismay, delight—all jumbled into a good many

The Little Jeffcoats
Mary Louise, Russell and Allen

thoughts that are perhaps sub-Wesleyan. I haven't re-read Hamlet, but I've been firm about comic books. My extra-curricula activities would make scant listings in a homemakers annual, but the little Jeffcoats can distinguish between their maid and their mother.

But lest Wesleyan thinks all effort to educate me was lost and lest you think your criticisms of my literary attempts were in vain, I offer these little accomplishments: publication of features in a number of newspapers including the magazine section of the **Atlanta Journal**, stories in **Music Today** and **The American Baby**, first place award in the annual Ohio Writers Club Contest for short stories, publication director of the YWCA here for the past two years. This summer I have given a series of talks and discussions to three different groups on "Preparation for Marriage" and in August I'm to do another series for married couples on "The Recovery of Family Life." (Honest! I haven't bragged this much in years!)

I feel sure my English major has "paid off" in many ways too subtle for me to be conscious of. So satisfied am I with putting that first, if I had it all to do over again, I would still major in English and minor in journalism. If I could take the course over again, I wouldn't wish for any changes—no, not even the omission of **the comprehensive**. Climbing over that Alps of the course left me with an I-can-do-anything feeling which must have been the cause of my "catching" Jeff, my biggest accomplishment to date!

I have a minor suggestion. As professors teach, couldn't they suggest ways of putting their subject across to younger students in case there are prospective teachers in the class? My first job after graduation was teaching math, science, English and journalism in a large high school. I knew scads of principles of education and all the past educators and their theories, but I failed miserably in getting subject matter across to football players, beauticians, morons and the like. The first year I taught Julius Caesar I gave a good imitation of your teaching it. You'll be pleased to know that your teaching just isn't down to eighth grade level! The next year I simplified the play down to kindergarten level in hopes the pupils would at least take in the plot. Shakespeare will be pleased to know that in my classes he didn't get anywhere except with the brightest in the bunch. It wouldn't be a bad idea to point out to prospective teachers how to cope with adolescent giggles when they've read such lines as that from "Lady of the Lake," "Her maiden girdle all too short." When one smart boy asked me the meaning of that line, the only answer I had was, "It meant she should have been wearing maternity dresses." Now you know you should have taught me a more literary answer than that! Perhaps the best preparation for teachers-to-be is parenthood. In three years even the dumbest of parents can learn to give acceptable answers to **anything**.

I can't close without adding a word on what Wesleyan has meant to me (even though that sounds as if it should be accompanied by two box tops!) And when I say "Wesleyan," I of course mean you and Mrs. Gin—and I certainly mean those tennis games! Graduating from Wesleyan was my first proof of miracles. I have never ceased considering finishing there a miracle both mentally and financially. Mainly from some of the professors (and I must not omit Miss Rozar as one of the best teachers I had), I learned the tremendous value and strength of the word of encouragement. It wasn't used freely at Wesleyan, but neither was it hidden. For that reason, I'm glad I was at Wes-

Wesleyan when the classes were small and when Wesleyan's insecurity matched my own. By working my way through, I also learned how to budget time which has kept me free from "running furiously through life," as you mentioned.

But I haven't said a word about textbooks! I think their importance tends to be overestimated in an education. It's being able to guess accurately a professor's or a classmate's reaction to those facts in the textbooks that to me was important. It was getting the feel not only in literature, but also in classrooms that characters of a certain type react in a certain way and can be influenced in numbers of ways. How do you think I learned to keep First Child (who is a Brain) from completely overshadowing Second Child (who is a Scatterbrain) if I hadn't learned from you how to let Mary Leila Gardner and me shine at the same time? (You always asked her the deep philosophical thought questions; I got the puns, wisecracks, etc. I believe we both made A's!)

One thing you didn't teach me—to ramble. And that's just what I've done! But before I stop let me ask you something: what do you think of this quote from Elton Trueblood's book on family life, "Women cannot be educated and taught to work like men and then experience no frustration in living like women."

I am enclosing a picture of the little Jeffcoats. Of course their hair is not conventional! First Child's is red, Second Child's is blonde to brown (depending on the degree of cleanliness), and Third Child's is white. The only thing they have in common is childhood—First likes math (he will hate it when he starts to school, no doubt), Second likes people and can work them to death with almost no effort, Third likes sports, games, balls—anything requiring lots of effort and energy. In him lies my only hope of being relieved of dishwashing duties.

Best wishes to you and Mrs. Gin.

Sincerely,

Louise Wadsworth Jeffcoat.

Wesleyan Trustee Dies Suddenly

The Rev. Melvin E. Peavy, trustee of Wesleyan College and pastor of the St. Luke Methodist Church of Columbus, died there suddenly in August and was buried in Cordele.

Rev. Peavy joined the South Georgia Conference in 1934 and in addition to other pastorates was at the Mulberry Street Methodist Church of Macon five years. He had also served as secretary of the Board of Missions and as superintendent of the Americus District.

The Purple Knights of 1958 Take Over

One of the largest Freshman Classes is taking over the campus—201 strong—and they are taking over our hearts too, especially since many of the new girls have alumnae connections.

Zoe Moore of Atlantic Beach, Florida, can boast of Wesleyannes five generations back. (See "nieces" below)

Her great-grandmother, Laura Josephine (Whitehurst) Rozar of Milledgeville, Georgia, 1881, is one of Wesleyan's most loyal and faithful alumnae and is constantly doing a public relations job for her Alma Mater. There is a plaque honoring her on the Rivoli campus.

We see other well-known Wesleyan

names appearing, such as, Betty Nunn whose aunt, Bessie (Houser) Nunn, received an alumnae award this past Alumnae Day; Clarice Pittman, who is rooming in the very same dormitory room that her aunt, Louise (Pittman) Peabody, 32, lived in and which is marked with a name plate; Sally Tanner, whose aunt, Sue (Tanner) McKenzie, served as National President of the Alumnae Association from 1940 through 1942 and as Alumnae Trustee from 1943 through 1945; and Kennon Ayer Hatcher, whose mother, Madge (Kennon) Hatcher, 1926, taught voice on the Wesleyan faculty from 1926 to 1929.

TRANSFERS WELCOMED

Among other transfers, we welcome to the junior class Jane Atkinson of Macon, who comes from Duke, and whose family has long been identified with Wesleyan.

It is most interesting to note that one of her aunts, Margaret (Atkinson) Clark, '18, wrote our Alma Mater. "Mother Florrie White," known and loved by hundreds of Wesleyannes, was a great aunt; and Dr. Goodrich C. White, Wesleyan Trustee, is a cousin. Another cousin,

Margaret McEvoy, '80, bequeathed a fund to Wesleyan known as the Pauline Logan Findlay Scholarship Fund.

During the orientation program at the opening of school, a period was set aside for the new students to learn about the history and traditions of Wesleyan College. Alleen (Poer) Hinton, '12, past National President of the Alumnae Association, past Alumnae Trustee, and now trustee of Wesleyan College, received an ovation for her vivid picture of Wesleyan's past.

At the Editor's request Mary Miller of Brunswick, A.B. 1924, wrote the following article about her travels this past summer. Mary has been active in alumnae affairs ever since her teaching days in Jacksonville where she helped organize the Wesleyan Alumnae Club in 1932 of which she was president in 1941 and 1942. She served as Vice President of the National Alumnae Association in charge of high school relations 1943-1945 and has lived in Brunswick since 1946. In her article Mary pictures the modern Holy Land with its problems and yet makes you "feel that you are really at

"The Beginning of Christianity"

One of the most interesting, and yet mentally confusing trips to be made today is to the Middle East or Holy Land. There are many strange and different things to be seen and yet it is surprisingly modern and up-to-date. Much of the land, costumes and homes of the people are just as we picture them from our Bible stories. Sometimes you feel as if you are taking part in a Bible pageant.

In Jerusalem we stayed in a hotel on the hill where Solomon had had his harem. While there is no trace of his palace left today, I believe the view would be almost the same. Across the valley is the walled city of Jerusalem and one can almost see the procession of Palm Sunday as it wound up the steep hill and into the gates of the city. Today you can sit in the cool shade of the palms (and Jerusalem is cool as the altitude is high) and watch camel trains or the small donkeys loaded with all sorts of merchandise.

At night the stars seem closer and it is easy to believe that the stars on Shepherds' Field near Bethlehem are brighter. Even now one star stands out and you almost expect to see the Wise Men coming across the desert. Perhaps the most unspoiled spot is the Sea of Galilee. Standing on the shores at sunset watch-

Shepherd's Field near Bethlehem

ing the colors change from a deep blue to a deeper green, one feels that this is truly a Holy spot and you begin to wonder just what the people saw as Christ

fed the five thousand. You know that the sea, the sunset and shore have not changed since He first talked to the disciples as they pulled in their nets from the sea. Here you feel that you are really at the beginning of Christianity.

In some other places you are much more conscious of the modern day problems that are confronting not only the Middle East, but the world today. Even our modern traffic problems have reached into the past as large American cars and trucks tangle with camel trains and donkeys on the narrow streets. In Damascus, at the entrance to the Street Called Straight it was impossible to get a picture of the ancient gates without cars and bicycles blocking the view. With such traffic it is hard to catch the feeling that Paul must have had as he went on foot along the same stone road.

Today, except for the newly discovered Garden Tomb which scholars are now debating, it is almost impossible to imagine the Holy places as they were in the years gone by. Early Christians built temples and shrines to preserve what tradition said was the exact spot. Most of the preservation of these spots is due to the work of Queen Helena, Mother of the first Christian emperor, Constantine. She was really the first Christian archaeologist who watched personally the excavations of many spots and had churches built on what she believed to be the true location. Modern study and modern excavations are changing some of the ideas of these early Christians. There are many areas now being excavated and new materials being brought to light that prove more and more the stories of the Bible. There are many untouched areas that may yet yield even more valuable information.

Unfortunately, strife has never ceased in the region. There is almost no time in history when fighting has not been going on in some parts of the Middle East. Just three days before we entered Jerusalem there was serious fighting close to the Holy Sepulcher. We were warned that we might not be able to enter. A shaky truce between the Arabs and Jews

has been in existence since 1948. The fact that this is broken at intervals keeps both natives and visitors tense.

Since the two sections are technically at war, it is difficult to travel freely between the countries. No Arabs state will admit anyone who has a passport that has been stamped by the Israel side. People traveling by air from Egypt to Israel must first go to some neutral spot such as the Island of Cyprus before entering the other country.

Progress made on the Israel side is amazing but we must remember that it has been made not only with the work and sacrifice of the Jewish people there, but with the help of millions of dollars sent by our government and by Jewish people in the United States. Extensive lands have been reclaimed by irrigation, modern new cities have been built, fruit trees planted and roads opened. In Tel-Aviv we stayed in a lovely hotel on the shores of the Mediterranean. In fact one could look around and feel you were on Miami Beach rather than several thousand miles away.

Most interesting in Israel are the villages run by the Idealists. These are socialistic communities. All children are kept in separate cottages according to ages while the parents work. Children are fed and housed in these cottages and are allowed to be with the parents for a few hours each day. Adults eat meals in a common cafeteria. All produce from the village goes into a common storehouse from which each is given an equal share. Our guide told us that he had been in an Idealist village when he first came to Israel but had found that he was not willing to work in this manner and had left. No person is required to stay if he is not satisfied.

Entrance to the "Street Called Straight"

Certain things are strictly rationed. Among these are meats and fats. At the time of our visit two eggs a week were allowed. It is impossible for a Jew to

take colored movies as they would have to send these out of the country for processing, and no money can be sent from the country to pay for such things. However, there is no restriction of food for the visitors in the country.

While progress in Jordan and other Arab countries is not as pronounced as in Israel, they have done extremely well with the little they have. There are few natural resources, little available land and not much money. We were surprised to find air-conditioned hotels in Beirut.

Thousands of Arabic peoples have left the Israel side since the fighting in 1948. Seventy-five thousands of these are in Jordan alone. There is not enough shelter and many live in tents. Conditions among them are bad. Naturally there is not enough work for these people. Food seems to be more plentiful than in Israel and there is no rationing. Wages are extremely low due to the large amount of unemployment. The drivers of our cars receive about \$36.00 a month. One driver lived in one room with his wife and two children and considered himself lucky not to be living in a tent.

Many people have a conception of Arabs as a nomadic people who wander over deserts and who have a low living standard and little education. Much progress has taken place since the Arabs were freed from Turkish rule. Unfortunately they were divided politically into many small states and have not been allowed to unite. British influence has been dominant for a generation except in areas where the French have had mandates.

And so, in the Middle East, we have a section interesting because it is a land of our early civilization, culture and religion; confusing because it shows us how much we must learn in human relations before we will have peace.

Two Undergraduates Awarded National Scholarship

Miss Linda Stoner of Ft. Lauderdale, Fla., a junior and an elementary major, and Miss Anne Godwin of Miami, a sophomore and a religious education major, were advised in October that they had been selected to receive National Methodist Scholarships at Wesleyan College.

These scholarships are awarded by the General Board of Education of the Methodist Church and are available to a limited number of outstanding Methodist students in accredited Methodist colleges and universities.

Alumnae To Award Second Scholarship For Leadership

The fall meeting of the Alumnae Board of Managers met Thursday afternoon, October 14, in the Alumnae Office following lunch in the Anderson dining room with the Trustees of the College. Freda (Kaplan) Nadler, '26, President of the Alumnae Association, presided and announced a 100% attendance of the Board as follows: Aline (Bradley) Boykin, '05, Annie (Gantt) Anderson, '13, Dessa (Hays) Asher, '04, all three trustees; Libba (Harman) Woodall, '48; Florence (Trimble) Jones, '20; Elizabeth (Loyall) Woods, '20; Kay (Bailey) Burts, '31; and Anna (Weaver) Lee, '26.

Guests present for the meeting were Irene (Sewell) Hobby, '22, National Secretary; Frances (Cater) Snow, '26, President of the Macon Alumnae Club; and Jennie (Loyall) Anderson, '12, former Alumnae Secretary.

After a report from Anna (Weaver) Lee, chairman of the Alumnae Endowed Scholarship for Leadership, it was voted unanimously to award for the year 1955-56 a full tuition scholarship, this to be the second scholarship given from this fund. **As before a student must be recommended by an alumna.**

Elizabeth Winn, '25 registrar for the Liberal Arts School, spoke to the group giving briefly but vividly the enrollment figures for this year. The figures definitely point to a decided increase in both schools.

Following a report by Elizabeth (Loyall) Woods, chairman of the campus beautification committee, it was voted to plant trees on the campus along the Forsyth Road and to have an arbor day ceremony at the time of the Alumnae Council meeting.

Wesleyan's First Family Enjoying New Home

Margaret (Ferrill) Robinson, '18, the interior decorator selected by the Board of Trustees to remodel and furnish the president's home given to the College by the W. C. and Sarah H. Bradley Foundation of Columbus, Ga., and Alleen (Poer) Hinton, '14, chairman of the committee on buildings for the College Board of Trustees, worked together this past summer and can be truly proud of the lovely home being used by the College this fall for the first time.

Many gifts have gone into the home and into the maintenance fund for its endowment. Of the \$25,000 endowed maintenance fund raised by alumnae and friends, almost \$5,000 was raised by the alumnae. And of this \$5,000, \$3,000 was contributed by the National Alumnae Association.

Another Wesleyanne, Lottie (Felder) Bowen, '18, gave the College the furniture used in the sun parlor; and Alice Domingos, gave for the guest room downstairs the bedroom suite that had belonged to her grandmother, the late Minnie (Bass) Burden, class of 1874, whose father, Dr. William C. Bass, was president of Wesleyan. The handsome inlaid sideboard in the formal dining room was a gift of Mr. Leo Huckabee, chairman of the Board of Trustees, and Mrs. Huckabee.

The living room with walls of palest green and draperies of printed damask the same shade features several paintings from the Helena Eastman (Ogden) Campbell Collection (She is another alumna of class of 1897), and art objects brought from the Orient by Mrs. DUYEA. Blythe McKay, '28, society editor of the Macon Telegraph, used several interior scenes of the new home in the paper in October.

The upstairs rooms, consisting of a sitting room, three bedrooms, sewing room and large hall, were furnished entirely by Dr. and Mrs. Martin at their own expense. Outstanding here, as well as downstairs, are the hand hooked rugs made by Mrs. DUYEA and many family treasures.

Dr. Henry H. Jones Benefactors' Day Speaker, October 15

Dr. Henry H. Jones, executive secretary of the superannuated ministers work in the North Georgia Conference of the Methodist Church, but better known as editor of the Sunday School lessons in the Wesleyan Christian Advocate, was guest speaker at chapel on Benefactors' Day, October 15.

A trustee of Wesleyan College for 28 years, Dr. Jones was re-elected on October 14 for another six year term. His family and Wesleyan have been closely knit for several generations. His mother, Ida (Rogers) Jones, was of the class of 1879; his wife, Annie (Dickey) Jones, was graduated in 1913; his mother-in-law, Jessie (Munroe) Dickey, was graduated in 1887; and three daughters, Jessie Munroe (Jones) Whittemore, A.B. '40; Elizabeth (Jones) Rutland, A.B. '45; and Laura Jones, A.B. '46.

Alumnae Publications

"Beating Wings" by Sara (Jenkins) Cunningham of Coral Gables, Fla., A.B. 1926, off the press in July by Thomas Y. Crowell Company, is the most mature book and gripping plot of any of her preacher stories.

The novel, Sara's eighth, is about a minister forced to choose between his wife and his calling. As Paul, the hero, searches for a way to save Marta, his wife, and himself, he finds comfort from the example of Jane, who has courageously made a life for herself and her infant son. He draws inspiration, too, from Dr. Israel Stein, whose twisted body masks the mind of a brilliant psychiatrist and loyal friend.

"Youth Looking to Jesus" by Eleanor (Hoyt) Dabney of Smyrna, Ga., A.B. 1945, published by John Knox Press, is a compilation of worship material for young people and the result of eight years work in collaboration with her aunt, Miss Margaret Hoyt of Atlanta.

We quote from a review by Rev. John H. Knight of Marietta who says: "Here may be found interesting stories, inspiring poetry, thoughtful meditations, beautiful prayers and pertinent hymn suggestions all pointed to the one purpose of making Christ real to the youthful heart. Though these services are not intended to be theological, but liturgical, yet in them is the presentation of much excellent Biblical truth. . . . In many places throughout the book one can see the evidences of her (Eleanor's) gracious spirit, and her deep love for young people, that they might LOOK TO JESUS."

Alumna Entertains Miami Wesleyan Students

Margaret Ann "Midge" Manson of Miami, '50, before leaving home in September to teach in Gainesville, Fla., entertained the girls from Miami going to Wesleyan. A swim party was held at the Bal Harbor Club on Miami Beach.

Each Freshman-to-be had a name tag embellished with Purple Knights, and Tri-K and Green Knights were on the others. The lone student of the Golden Heart class was unable to attend.

Two Former Faculty Members Marry

Miss Ernestine Grote, director of physical culture at Wesleyan College from 1912 through 1939, was married in August to Dr. Robert Ross Ellison of Montgomery, Ala.

They are making their home at 737 Central Ave., N.W., Winter Haven, Fla.

Miss Barbara Ellen Swartz of Carbondale, Ill., who for the last two years has been a member of the faculty of the fine arts school of Wesleyan, was married this fall to Charles E. Dickerson also of Carbondale.

MACON CLUB

October, 1954 proved to be a busy month for the Wesleyan Alumnae in Macon.

The Macon Club held "Open House" to all Macon alumnae October 21 in the president's new home. The club officers and the group leaders served as hostesses. In the receiving line were Frances (Cater) Snow, Macon Club president; Evelyn (Duryea) Martin, wife of President B. Joseph Martin and honorary member of the Alumnae Association; Freda (Kaplan) Nadler, president National Alumnae Association; and Malene (Lee) Morgan, alumnae secretary.

On October 31 the Macon Club entertained the Miller High School seniors and their parents at Rivoli. A large group of Wesleyan students helped to entertain the visitors, and the faculty were present to meet and advise the seniors. After tea was served, the Wesleyan students took the visitors on a tour of the campus.

Inaugurating a series of group luncheons this fall in the College dining room for the Macon Club, Group V (classes from 1941 to present) and Group II, (1910-1920), met October 16 and October 27 respectively. Group III (1921-1930) held their luncheon on November 3; Group IV (1931) (1940), on November 9; and Group I (before 1910), will meet on November 30. Following each lunch-

MILLEDGEVILLE CLUB

A Milledgeville Wesleyan Alumnae Club was re-organized on September 29 at a luncheon held at the Sanford House. Evelyn (Edwards) Owen, '31, was elected president, and Mary Jo Thompson, '47, secretary and treasurer.

Freda (Kaplan) Nadler, president of National Alumnae Association, and Malene (Lee) Morgan, alumnae secretary, were guests for the luncheon and spoke to the group. Present also for the meeting were Miss Fannie White and Miss Nanette Bozar, both former dietitians at Wesleyan, and Miss Clara E. Morris who only recently retired as head of the Home Economics Department.

Part of group taken after lunch. New president is front row, right end

Some of the alumnae attending were Anne (Bone) Evans, Helen (Granade) Long, Mary Jo Thompson, Adela (Barksdale) Ware, Josephine (Whitehurst) Rozar, Alice Napier, Mary Thomas Maxwell, Louise (Kilpatrick) Zattau, Evelyn (Edwards) Owen.

ATLANTA CLUB

The Atlanta Wesleyan Alumnae Club honored the Atlanta freshmen at a morning coffee Saturday, September 11, at the home of Kay (Bailey) Burts, '31.

Group VII served as hostesses and all Atlanta alumnae were invited as well as the Atlanta upperclassmen at Wesleyan.

The first regular fall meeting was a brunch held on October 30 at the Druid Hills Country Club with the president, Mary (Rudisill) Trippe, presiding.

Dr. Delvin Covey of the Wesleyan faculty, reviewed the book, "Love Is Eternal" by Irving Stone. Tom Martin, a student in the Art Department accompanied him.

eon, a brief business meeting was held in the student lounge.

These group luncheons took the place of a fall meeting of the entire Club.

CLASS NOTES

1885

Sympathy is extended to Lizzie (Mangham) Hill in the death of her son, David W. Hill, Jr., in September. Fannie Mangham (Hill) Walker, '08, Wynnie May Hill, '08, and Louise Hill, '15, are his sisters; Ida (Mangham) Coleman, '90, is his aunt.

1888

Irene Hendrix and her two sisters, Lillian, '91, and Janie, '93, have moved from their old home place on First Street in Macon to Elizabeth Place. We regret to hear of Lillian's illness and wish for her a speedy recovery.

1889

Ella (Anderson) Winter has had a lot of trouble with her eyes and finally had to have one removed. She also suffered a heart attack this year, but is better and writes quite cheerfully. Her address is P. O. Box 336, Dothan, Ala.

1895

Lena (Fulghum) Bell passed away August 22. Sympathy is extended to her daughter, Julia (Bell) Pierce, 1931, and to her sister, Lula (Fulghum) Vincent, 1893.

1896

Eva Arnold is an alumna whose loyalty never fails. She sends her annual gift to the Loyalty Fund regularly, and always serves as a Class Fund Agent when asked.

Lelia (Gerdine) Burke's son, James, who has spent the past three years in Delhi, India, where he has been correspondent for Time and Life, brought Mrs. Burke and the children by Macon for a visit with his mother before going on to New York.

A special meeting of the Barnesville Rotary Club was dedicated to Ailene (Pitts) Corry's husband, Dr. John A. Corry, in October. The long list of Dr. Corry's services covered every field of civic and religious work, but he is best known, perhaps, for his long service with the Red Cross. Their children, Ailene (Corry) Arensbach, '24, and Dr. Jack and William A. Corry, were introduced, and speeches of praise were made by many notables.

1897

Phi Mu national social fraternity, at its biennial convention held in Pasadena, Calif., honored Helena Eastman (Ogden) Campbell by presenting her with a certificate of distinction in recognition of her outstanding work in art.

1898

Our best wishes to Nina (Lively) Hendricks and her husband who has been selected president of Birdwood College at Thomasville, Ga. This College is being sponsored by the Primitive Baptists of Georgia and Nina Hendricks will be Dean of Women.

Isolene (Wimberly) Robbins appeared on a program dedicating a marker of Richland Baptist Church, founded in 1811 in Twiggs County. Isolene read the Farewell Address which was given in June, 1861, by her late mother, when she presented a Confederate flag to the departing soldiers.

1901

Dorothy (Rogers) Tilly was an instructor in the workshop held by the Metho-

dist Woman's Society of Christian Service Mission School at Emory University in August. Her subject was Methodist Women and the United Nations.

Peggy (Stiles) McKown writes the Alumnae Office in August of the arrival last November, 1953, of their son, William David. She said she and her aunt, Winnifred (Stiles) Bell, '30, had fun comparing their sons which were born only three days apart!

Adrienne (Thompson) Bailey and her husband, the Rev. Dean Adams Bailey, will be at New College, University of Edinburgh, Edinburgh, Scotland, where Mr. Bailey expects to do a year's graduate work.

When the Mulberry Street Methodist Church observed Youth Activities Week in September, Peggy (Thoroughman) Callahan's husband, the Rev. James Callahan, led the Worship services.

1953

Janet Baxter spent the summer singing in the chorus of the Pittsburgh (Pa.) Civic Light Opera Co. She will resume her studies at the School of Music, L.S.U., this fall.

Jane Cary Chapman attended the National Conference of Directors of Christian Education held this summer at Estes Park, Calif. She reports seeing Merrillyn (Welch) Eastham and Gary (Still) Suters and husbands in Marietta.

Judy (Cline) Godwin writes that although she has been married only four months she is a "temporary widow" since her husband is being sent to the Far East. She hopes to join him before too long, and until then she is with her parents in Atlanta.

Caroline Egerton is studying at the University of Colorado on her Master of Arts in Education with emphasis on guidance and counseling and is having fun while seeing Denver and Colorado.

Pat (Hammond) Littleton and her husband sailed in September for Edinburgh, Scotland where he will study at University of Edinburgh.

Sarah Higgins (better known as Sally) writes from her work at the N.A.S. in Brunswick, Me., that she thinks of Wesleyan often, and doesn't hesitate to tell of "the oldest and best."

Eleanor (Isom) Harrington's husband is a Jet Pilot Instructor at Laredo A.F.B., Texas. Eleanor has been at home in Moultrie for a visit recently.

Kathryn Jones, better known as Kitty, had a holiday from her teaching duties in an Atlanta school in September, and stopped by the college for a brief visit.

Joan Larsen was admitted to practice law in the Laurens County (Ga.) Superior Court at the September Term of Court. She is the third woman to be admitted in her home county. Her father is Solicitor General of the Circuit.

Jackie (McDaniel) Lovett's husband has been given a permanent station at Ft. Lee, Va. Their baby daughter, Lynn,

was born July 31. Jackie writes that they "just can't wait to take her to Georgia!" Mayson (Thornton) Bissell and the new baby daughter, Lillian Lynne, are at home at Cordele, Ga., address Box 429.

Mary (Tidwell) Williams, and her husband, Dr. Howard J. Williams, have come to Macon to live, where Dr. Williams, who trained in pediatrics at St. Christopher's Children Hospital, Philadelphia, will practice. They are living at the North Garden Apts.

Nancy (Trice) Patterson received her Masters degree in Education at the University of Houston in August and is continuing to teach music in the Houston Public Schools.

1954

Our newest alumnae have afforded the Alumnae Office much pleasure this summer as the accounts of plans for their first year out in the "wide, wide world" started coming in. They are wasting no time making their place and we are very proud of each one. We wrote every graduate and non-graduate, and this is the news we gleaned:

Liberal Arts School

Ann Aiken is Director of Christian Education at the First Methodist Church in Griffin, Ga.

Joan Arlt writes from Mt. Desert Island in Maine, where she will be until October 15, "I'm an engaged gal now and have begun to think about a June wedding. Have no definite plans for the fall, but Bob and I hope to go to graduate school after he gets out of the Army."

Betty (Bate) McCrary, since her marriage July 31, is living in Augusta, Ga., and doing secretarial work at Rhodes Furniture Co. Betty's husband, Duane, will be at Camp Gordon for 14 more months.

Marilyn Bennett since July 1st has been working at the Bibb County Dept. of Public Welfare as a case worker. She and Natalie Brewton are sharing an apartment at 122 Buford Pl.

Natalie Brewton is Director of the Tenn-age Program at the YWCA in Macon.

Susan (Bunn) Woodward left the States sometime in June to join her husband in the little town of Viernheim near Heidelberg, Germany. She writes she had to learn to speak a few words of German since their landlady speaks no English. They plan to return home about December. Grace (Maxwell) Sparrow, '53, lives about 30 miles from Susan.

June Cason is working for duPont in Augusta and liking it. She lives at 827 Milledge Rd.
